

Technical specification sheet

Propeller Cylinder | **HY 100 G 1 U**

Specifications

article number		120.012.001
short description		Propeller Cylinder
model		HY 100 G 1 U
max. working pressure	bar/Mpa	2000 / 200
stroke	mm	10
capacity	kN/t	1000.5 / 102
effective pressure area	cm ²	50.27
required oil content (effective)	cc	50
connection		Y 218 (2x)
acting type		single
return type		gravity
material		steel
weight, ready for use	kg	6.0

Technical drawing dimensions

dimension A	mm	49
dimension B	mm	25
