

## Technical specification sheet

### Propeller Cylinder | **HY 100 G 3.5 U**

#### Specifications

article number		120.012.011
short description		Propeller Cylinder
model		HY 100 G 3.5 U
max. working pressure	bar/Mpa	2000 / 200
stroke	mm	35
capacity	kN/t	1000.5 / 102
effective pressure area	cm <sup>2</sup>	50.27
required oil content (effective)	cc	176
connection		Y 218 (2x)
acting type		single
return type		gravity
material		steel
weight, ready for use	kg	8.1

#### Technical drawing dimensions

dimension A	mm	85
dimension B	mm	24
